**CONSTRUCTION
COST:**
N/A

Project Description:

14.6 Acre Retail Shopping Center located in Blaine, Minnesota. This site had recently been renovated and updated with several detached new retail establishments located within the center. Original site development dates back about 30 years and has numerous shared private easements as well as public easements.

Roles and Responsibilities:

Alliant Engineering established site boundaries and located site improvements along with the location of easements affecting the property.

End Result:

Alliant was able to meet the clients closing schedule and provide completed ALTA/ACSM Land Title Survey within the required 3 week time frame.

INNOVATIVE • RESPONSIVE • PERSONAL
